GRADUATE INTERNSHIP PROGRAMME

Roads Directorate has secured funding to complement the on-going graduate internship programmes which are aimed at giving experience and skills development for graduates who have completed their tertiary education but are not yet employed due to some requirements which they often lack, as specified on the job advertisement. As such, an intake in the intended internship is poised to run for the period of two years. We believe that a reasonable level of knowledge and experience will have been imparted to the candidates and thus become market ready for employment prospects when their internship period lapses.

The Directorate invites applications for internships in the following underlisted categories (fields of study):

Number of candidates	**Field of study/ Educational Qualification**
2	General Accounting (strictly)
1	Diploma/ Degree- specialization in Land Surveying

Interested candidates with nor experience and/or 1 year experience are to submit the application letter with the following documents: Certified copies of Educational Certificates and Transcripts, and personal identity. Curriculum vitae maybe attached for further information about the applying candidate.

Submissions on hardcopies are to be handed to Roads Directorate Headquarters – HR Office (S 02, S 09).

NB: The closing date for the submission of applications is **22nd August 2024.** No late applications will be accepted. Only those shortlisted for interviews will be contacted.
